Dear Friends,
Greetings from Government Dental College and Hospital, Ahmedabad.

After the grand success of GYAN Module 1 in Sept 2018 on Oral Cancer (Lectures & Cadaveric Dissection) it is our great privilege to invite you to Ahmedabad again to participate in Gyan Module 2 which would cover "Orthognathic Surgery" in the same interesting & exciting manner.

The objectives of this workshop are :

- Understanding facial deformity
- Planning for facial deformity surgery from orthodontic and surgical perspective
- Role of virtual surgical planning in orthognathic surgery
- Skull Model Workshop and Cadaveric Dissection to understand various osteotomies

Gyan would bestow a platform for young surgeons, orthodontists and post graduate trainees of Maxillofacial Surgery and Orthodontia to have a one on one interaction with the Masters in the field of Orthognathic Surgery.

Participants would be taken through a series of interactive lectures, case presentations, panel discussions, with the highlight of the conference being the hands on cadaveric osteotomies.

Team Gyan looks forward to hosting you at this academic feast.
Best Regards

Dr. Sonal Anclia
