

# **Institutional Distinctiveness**

## **Exemplary Health Care Services**

### **One Day Denture Camp**

Government Dental College and Hospital, Ahmedabad (GDCH) regularly conducts “One day denture camps” for needy patients where patients are benefited and receives upper/lower complete dentures in a single day free of cost. Generally it would require 5 to 6 different steps on different days, and this may be time consuming and exhausting treatment particularly for geriatric and frail patients. But here, all required clinical steps and lab procedures for complete denture are completed on the same day. Along with dentures, patients are also provided denture maintenance kits free of cost. Food and refreshments are provided to all the patients of the camp free of cost. During each camp 10 complete dentures were delivered to the selected patients. This distinctive practice of GDCH of change in routine treatment plan is highly appreciated.

### **Jail Duty**

Being a dental institute, it is our duty to deliver quality dental care to all groups of community and leave no stone unturned to ensure excellence in oral health awareness. Dental treatment is not easily available and often neglected for the prisoners in the jail. Along with other medical facilities, prisoners should also be provided quality dental treatment to maintain healthy and satisfactory lifestyle. Therefore it is deemed necessary to dedicate one team specially to fulfill this objective. GDCH Ahmedabad arranges deputation of well trained staff along with interns to Sabarmati Jail in Ahmedabad every Wednesday to render basic dental treatment inside the jail. Approximately 1200 prisoners get benefited every year from this noble work. Comprehensive dental treatments like extraction, restoration, scaling and even removable prostheses are provided with free of cost to the prisoners. And if required they are requested to visit GDCH Ahmedabad campus for further treatment. After getting permission from jail authority further required treatment are provided with trained staff.

## **Community Outreach Program (Camp duty)**

GDCH Ahmedabad renders the needs of the community dental care surrounding the institution through Oral Health screening camps both in urban and rural areas of Gujarat. Each year more than thousands of individuals get benefited from these camps and the treatments are offered at free of cost. We cater the needs of school students every year by conducting school camps with an emphasis on educating school students on maintenance of Oral health care. GDCH arranges dental camp every month and sends interns along with faculty for community dental camp. GDCH has mobile dental van with attached dental chair and compressor which can be used during camp visits in rural areas and also in remote areas where basic medical and dental facility is not available. This mobile dental van is provided by the state Government of Gujarat under national oral health program (NOHP).

The facts thus provided are the pride for us to impart best quality dental treatment to the community. These distinctive programs of GDCH help us to make GDCH Ahmedabad one of the best amongst the government sectors.
