REPORT OF EVENT

“A New Approach For Diode Laser Into The World Of Laser Dentistry”

Laser technology for diagnostic and therapeutic purposes has become essential components of contemporary dental practice. Laser can be used for conservative soft tissue surgery, laser etching, cavity preparation, frenectomies, exposure of unerupted teeth, periodontal surgeries, biopsies in dental practice. Minimum bleeding, faster healing and painless operative procedures of laser has gained attention in recent years.

Dr. Apoorva Gupta had highlighted importance of laser in a CDE programme named- **A New Approach For Diode Laser Into The World Of Laser Dentistry** arranged in Government Dental College and Hospital on 29/8/2022 which was attended by 91 participants.

REPORT OF EVENT

"Laser application in OPMDs"

A pre-conference workshop was arranged in Government Dental College and Hospital named- **Laser application in OPMDs: A technological boost to your conventional practice** on 1/9/2022 by Dr. Nilesh Raval which was attended by 33 participants.

Lasers have important impact on the practice of dentistry. Clinical applications continue to increase so it is important to have knowledge of various types of lasers. Dentists were informed about the importance of lasers. They were educated about the aesthetic and functional aspects and made aware about the importance of the attention gained by lasers to treat various oral premalignant disorders like leukoplakia, verrucous hyperplasia, lichen planus etc.

The Theme of the conference is **"Be Different To Make A Difference"**.

Asian Head and Neck Cancer Foundation is honored to conduct the First of its kind conference on Dental Oncology in India.

Cancer Care involves a collaborative team approach which is contemplated to give better quality of life to cancer patients. Dental professionals play an important role in overall management of patients undergoing cancer treatment.

Dental Oncology is an emerging trend in the area of Dentistry focusing on dental and oral manifestation of chemotherapy, radiation therapy and/or Head and Neck surgery.

The goal of the conference is to emphasize and highlight the key role of oral health care providers/ dental professionals in screening, prevention, early detection, treatment and rehabilitation of oral cancer, to empower them in dealing with oral manifestations & complications of cancer and its treatment and to recognize prospects and avenues of research in Dental Oncology.

The overall intention of the congress is to bring together all health care professionals involved in care of cancer patients to learn, share and voice their opinion through this interactive platform.

The key highlight of conference is eminent international speakers from Memorial Sloan Kettering Cancer Center New York, USA and renowned National faculty who will share their knowledge and vast experience.

We are looking forward to welcoming you at the World Heritage City Ahmedabad, Gujarat for the

Conference. Warm Regards,

THE FIRST OF IT'S KIND CONFERENCE IN INDIA

Dear All,

We are pleased to invite you to the **1st International Congress of Dental Oncology & Research Conference 2022 to be held on 2nd & 3rd September 2022** at **Pandit Dindayal Upadhyay Auditorium, Ahmedabad.**

The Theme of the conference is **"Be Different To Make A Difference".**

Asian Head and Neck Cancer Foundation is honored to conduct the First of its kind conference on Dental Oncology in India.

Cancer Care involves a collaborative team approach which is contemplated to give better quality of life to cancer patients. Dental professionals play an important role in overall management of patients undergoing cancer treatment.

Dental Oncology is an emerging trend in the area of Dentistry focusing on dental and oral manifestations of chemotherapy, radiation therapy and/or Head and Neck surgery.

The goal of the conference is to emphasize and highlight the key role of oral health care providers/ dental professionals in screening, prevention, early detection, treatment and rehabilitation of oral cancer, to empower them in dealing with oral manifestations & complications of cancer and its treatment and to recognize prospects and avenues of research in Dental Oncology.

The overall intention of the congress is to bring together all healthcare professionals involved in care of cancer patients to learn, share and voice their opinions through this interactive platform.

The key highlight of conference is eminent international speakers from Memorial Sloan Kettering Cancer Center New York, USA and renowned National faculty who will share their knowledge and vast experience.

We are looking forward to welcoming you at the World Heritage City Ahmedabad, Gujarat for the Conference.

DEPARTMENT OF ORAL AND MAXILLOFACIAL PATHOLOGY & ORAL
MICROBIOLOGY

REPORT OF THE EVENT

(PRECONFERENCE WORKSHOP ON BIOPSY TECHNIQUES)

Dr Utsav Bhatt (Assistant Professor) and Dr Vipul Nagavadiya (Assistant Professor) immensely experienced faculty members of the department of Oral and Maxillo-facial surgery, GDCHA enlightened delegates regarding the importance of 'Biopsy Techniques'.

The workshop was intended to provide core knowledge of different biopsy techniques and introductory practical skills under their supervision.

Hands-on session allowed participants to practice each type of biopsy technique, as well as handling of tissues and different instruments.

The hands-on session followed a lecture and an open discussion session regarding the need of biopsy in oral lesions, different biopsy techniques, armamentarium, biopsy consent & specimen handling.

The workshop was attended by 14 post-graduate students and interns. This session turned out to be supremely valuable and informative.

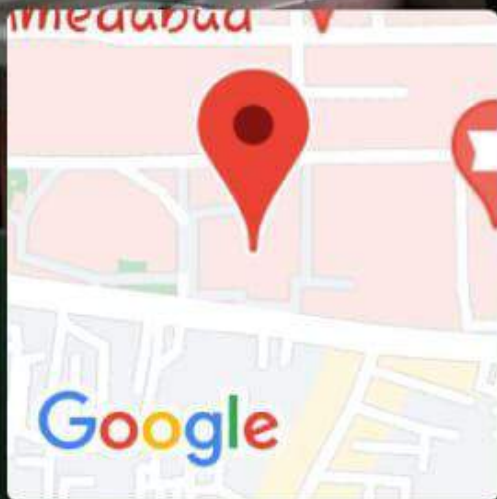

Dr. SIMA CEDRA

**Dear Friends,
Greetings from GDC, Ahmedabad**

After the grand success of Gyan Module-1 Oral Cancer in Sept 2018 and Gyan Module-2 Orthognathic Surgery in Sept 2019 (Lectures, Videos, Cadaver Dissections, Live Surgery), it is a great privilege to welcome you all to Ahmedabad again to participate in Gyan Module- 3, which would be on Facial Aesthetics, in the same interesting and exciting manner.

The objectives of the workshop are:-

- 1.Understanding the various aspects of Facial Aesthetic & Cosmetic correction
- 2.Understanding the indications & techniques of Surgical and Non-Surgical Facial Aesthetic procedures via lectures, discussions, and video demonstrations.
- 3.Learning the techniques of various facial aesthetic non-surgical procedures on patients and both, non-surgical and surgical procedures on cadavers.

One of the two highlights of this workshop will be Cadaveric dissection. Dissection would be done on fresh bodies, with one mentor on each table and two participants on each side only. After the dissection-related work on Facial Aesthetics is over, the cadavers will be given to the participants to learn and perform any procedures they want, again under the guidance of one mentor per table.

The other highlight is the patients hands on experience. All non-surgical procedures will be done on patients with actual fillers, Botox, threads, etc, with only one participant per side.

Gyan would bestow a platform for young Surgeons & postgraduate trainees of Maxillofacial Surgery to have a one-on-one interaction with the Masters in the field of Facial Aesthetics.

Team Gyan looks forward to hosting you at this academic feast. Best Regards

Dr. Sonal Anchia

DAY 2 (17032022)

DAY 3 (18032022)

Report of the event:

Facial esthetics is on the rise in present times for both- the patients and the doctors. Office based esthetic procedures, inspite of being technically not too difficult, present a resistance for freshers in their clinical practice. GYAN 3 provided a platform for new surgeons to have a wonderful guidance by masters of the field and also a sound base of anatomy by cadaveric dissection.

This value added course was organized in September 2022 by Dr.Sonal Anchlia, Professor and Head, Dept.of Oral and Maxillofacial Surgery, GDCH, Ahmedabad.

**REPORT OF PROGRAM ON BIOTECHNOLOGY
INCUBATORS IN HIGHER EDUCATION
INSTITUTIONS**

DATE: 28/11/2022

Description

- A program on Biotechnology incubators in Higher Education Institutions was held at Government Dental College and Hospital Ahmedabad on 28-11-2022 for the teaching faculty and post graduate students of GDCH, Ahmedabad. Dr. Sanjay Lagdive was the Program coordinator for the same.
- The program started on 28/11/2022 at 11:00 a.m. with Dr. Yashpreetsingh Bhatia inviting Dr. Girish Parmar, Dean Government Dental College & Hospital Ahmedabad and the Speaker Dr. Anasuya Bhadalkar, Joint Director, Human Resource Development and Business Development, Gujarat State Biotechnology Mission (GSBTM), Govt. of Gujarat on the stage. Dr. Sanjay Lagdive welcomed Dr. Anasuya Bhadalkar with a small plant. Dr. Yashpreetsingh Bhatia then gave a brief introduction of Dr. Anasuya Bhadalkar to the audience. He then invited Dr. Anasuya Bhadalkar to address the audience regarding Bioincubators in Higher Education Institutions.
- Dr. Anasuya Bhadalkar first explained the audience regarding the structural organization of Gujarat State Biotechnology Mission. She then enlightened the audience regarding the need and importance of Bioincubators in higher education institutions like Universities and Colleges. She also gave examples of already established and functioning incubators like the Savli Technology and Business Incubator. She informed the audience regarding how an incubator functions, encourages and guides young researchers, innovators and entrepreneurs to successfully test new ideas and solve problems in their respective fields and when the innovation is ready how the incubator guides them to file for intellectual property rights / patents. She also informed all post graduate students and young researchers regarding government schemes to support their endeavour and help them achieve their goal. Finally she asked the audience regarding any queries or doubts.
- Dr. Girish Parmar, Dean Government Dental College & Hospital then addressed the audience. He thanked Dr. Anasuya Bhadalkar for enlightening the audience regarding Bioincubators in Higher Education Institutions. He also suggested that GSBTM and GDCH Ahmedabad can collaborate for research and innovation in the field of Dentistry. He then felicitated Dr. Anasuya Bhadalkar with a Certificate for the program.

Dear Friends, Greetings from GDC, Ahmedabad

After the grand success of Gyan Module-1 Oral Cancer in Sept 2018, Gyan Module-2 Orthognathic Surgery in Sept 2019 (Lectures, Videos, Cadaver Dissections, Live Surgery) and Gyan Module-3 on Non Surgical Facial Aesthetics (Lectures, Cadaver Dissections & Patients Hands-On), it is our great privilege and pleasure to welcome you all to Ahmedabad again to participate in the second part of Module 3 which is Gyan Module 3.2/4, which would be on Surgical Facial Aesthetics, in the same interesting and exciting manner.

The objectives of the workshop are:

1. Understanding the various aspects of Facial Aesthetic & Cosmetic correction.
2. Understanding the indications & techniques of Surgical Facial Aesthetic procedures via lectures, discussions, and video demonstrations.
3. Learning the techniques of various facial aesthetic surgical procedures on cadavers.

The highlight of every Gyan is our Cadaveric dissection. Dissection is done on 10-12 fresh Cadaver, with one mentor on each table and three participants only on each side. This is possibly the largest Cadaver Dissection course in the country performed on 10-12 fresh Cadavers every time. After the dissection-related work on Facial Aesthetics is over, the cadavers are given to the participants to learn and perform any procedures they want, again under the guidance of one mentor per table.

Each year, Gyan bestows a platform for young Surgeons & postgraduate trainees of Maxillofacial Surgery to have a one-on-one interaction with the Masters in the field chosen for that year, this year on Surgical Facial Aesthetics.

Team Gyan looks forward to hosting you at this academic feast.

Best Regards

Dr. Sonal Anchlia

REPORT ON ACADEMIC AND ADMINISTRATIVE AUDIT OF HEIS: NEED, RELEVANCE AND METHODOLOGY

Online quality enhancement program for all faculties of GDCHA was organized by IQAC on “Academic and administrative audit for HEIs : Need, Relevance and methodology” on 15th May 2023 by Dr. Trupti Waghmare, Professor of physiology and IQAC Director, Datta Meghe Institute of Medical Sciences University, Wardha.

Dr. Shikha Kanodia, IQAC Director, started the program with brief introduction of academic career of speaker highlighting her academic achievements, publications in PubMed journals, patents, national and international awards.

Dr. Trupti started her presentation by explaining differences between inspection and audit, later being more comprehensive and focusing on qualitative processes. The content of presentation included various aspects of AAA like measures of quality, dimensions of quality, purpose and objectives of AAA, AAA thrust areas, methodology and process, areas of consideration by audit panel and bracing for AAA. She updated about the procedures of audit. Internal audit should be conducted every year by IQAC and external audit once in 3 years by external auditors. She emphasized on Perspective Developmental Plan (PDP) to be prepared by institute and also by each department of the institute. Dr. Trupti also explained the inter related concepts between academic process and administrative mechanism.

Dr. Falguni Mehta, professor and head of Orthodontia department presented certificate of appreciation to Dr. Trupti and concluded the session by vote of thanks. Participation certificate was given to all participants.
