**Jail Deputation Report**

[15/01/2020 to 30/10/2021]

Doctors & interns deputed regularly during the aforementioned period screened the prisoners for oral health conditions & lesions. They treated them at the dental clinic in the central jail premises for dental & periodontal problems. For any complex treatment required by prisoner patients, specialist doctors were sent there on special deputation. Prisoners requiring intense care were brought to GDCH, Ahmedabad, accompanied by the police, where they got the treatment required.
