

REPORT OF VALUE-ADDED COURSE

“CBCT TO GUIDED IMPLANT SURGERY”

2 DAYS WORKSHOP

FOR FACULTY AND POST-GRADUATES

ORGANIZED BY

ORAL MEDICINE & RADIOLOGY DEPT

DATE: 25TH & 26TH MARCH 2025

DESCRIPTION

The Oral Medicine & Radiology Department at Government Dental College & Hospital organized a value-added course “CBCT to Guided Implant Surgery” for the dental faculty and post-graduates on 25th and 26th March 2025. The course mentor Mr. Sudeep Paul is Founder and CEO of “Image 3D conversion company” & mentor of Blue Sky Bio USA. The program patron Dr. Rupal Shah (Dean and AD, GDCH Ahmedabad) felicitated the program mentor Mr. Sudeep Paul with a memento. He was also presented with a certificate by the chairperson Dr. Jigna Shah (Professor & Head, OMR Dept).. Program Co-chairpersons Dr. Shilpa Parikh (Professor, OMR Dept), Dr. Hitarthi Kubavat (Asst. Professor, OMR Dept) & Dr. Piyush Limdiwala (Asst. Professor, OMR Dept) organized the program to perfection. Dr. Mansi Khatri (Asst. Professor, OMR Dept.) conducted welcome ceremony and Dr. Purv Patel (Asst. Professor, OMR Dept.) delivered the vote of thanks for the course. The participants were also trained with lecture sessions followed by hands-on blue sky plan software on core topics such as implant planning concept, surgical guide design, digital dentistry workflow, clinical and prosthetic validations, treatment planning software, flap-flapless guided implant concept. Several benefits of attending the workshop included enhanced precision, improved efficiency, minimally invasive approach and better prosthetic outcomes. This workshop also helped participants to gaining practical experience in digital planning and surgical guide

fabrication. The session enhanced skills in precise implant placement using advanced CBCT technology. A total of 23 participants including dental faculty, Private Practitioners, and post-graduate students from various branches from our college and other colleges also attended and enhanced their clinical knowledge with an immersive hands-on course. The participants were given 6 patient license files, free professional Bluesky guided surgery software, Bluesky Plan Certified Professional Certification and free online post training assistance for 6 months on implant planning and surgical guide design. The participants were awarded with certificates on completion of the course.
